

# SARAH SOLIMAN

**Address:** 1 Building 112 Garden Hills Phase 3, October City, Egypt  
**Phone:** 0020-1022992093  
**Email:** sarahAltaron@gmail.com

## SUMMARY

---

- A highly skilled Front-End Developer with 9 years of experience in cutting-edge full-stack technology and a strong focus on front-end development. Specialized in crafting intuitive user interfaces and optimizing web applications using modern frameworks like Angular, React, and TypeScript/JavaScript. Proficient in building SaaS platforms and managing complex systems with extensive experience in backend development, including NodeJS and PHP.
- Possess a solid background in cross-platform technologies like React-Native for building smart devices applications, coupled with expertise in cloud platforms, particularly Google Cloud Services.
- Applied experience with Agile/Scrum methodologies and enterprise-level software development. Proven track record in working with a range of technologies, including AI-powered Facial and Visual Recognition Technology, SQL and NoSQL Database.
- Skilled in version control (Git), unit testing, and optimizing performance, with a strong commitment to delivering high-quality, scalable solutions. Adept at working in fast-paced environments, with a keen ability to independently analyze tasks, find optimal solutions, and collaborate effectively within a team.

## work experience

---

### Frontend Team Lead, Evara Group

Jan 2023 - Present
